

Product Name	Earth Enhancing Compound (ML01)
Product Code	ML01
Application	Grounding/Earthing And Lightning Protection Soil Resistance and Corrosion Enhancer

Product Information	
El. Resistance(ρ)	0.53 Ω m
Polarization Resistance	8.2 Ω .m ²
PAH	<0.0002 mg/L
Sulphur Content	<1%
Mesh Size	<40 μ m (Fine Powder)
Dry Density	1020 kg/m ³
Moist Density	443 kg/m ³

To Calculate The amount of ML01 Needed Please find volume of are that need in-fill material
for instruction of ML01 Contact TSZ Co. representative.
