

Product Name	Copper Air Terminal With Nickle Chrome Coating.
Product Code	ATR15CNC1000S
Application	Grounding/Earthing And Lightning Protection
Applicable Standards	IEC 62305

Product Information	
Dimensions	15mm Diameter x 1000mm
Chemical Composition:	99.50% Cu
Coating Thickness	>120 μ m
Shape	Single Sharp Rod
Threads	M16 Threads
Coating Material	Ni - Cr
Harsh Environments	Product Designed for Aggressive Environments
Air Terminals are Designed to get stroked by Lightning
